CISC-879
NATURAL COMPUTING
Requirements and Marking Scheme

Presentation of material from the textbook (50%)

Class participation during presentations (20%)
Everyone must read the material to be presented the next week
The mark is based on questions you will ask the presenter as well as answers you will provide to
questions from the instructor.

Project (30%)
Select 3 recent papers, published after August 2013, in the journal:
Natural Computing

This journal is available online through the Queen’s Library web site.
The papers you select must be approved by the instructor.

Submit a 10-page report (12pt. 1in. margins)
Summary + critique (strengths, weaknesses, comparisons, improvements, etc.) of the 3 papers
Report must be submitted (at the latest) at the beginning of the last lecture (1:00p.m. Nov. 29)

Present your project in class.
