PROJECT ACCEPTANCE FORM

The undersigned agree to the conditions of this project:

- All software developed in this course is owned by its inventors: the developers, the customer and the supervisor. The customer is granted a non-exclusive license to use the software for any non-commercial purpose.
- The customer agrees to be accessible to students as is reasonably required to complete the project, to attend the students' presentations and to participate in evaluation of the students' work.
- The supervisor agrees to provide guidance to the students as reasonably required to complete the project.
- The students agree to consult with the customer on an ongoing basis while completing the requirements of this course and to be respectful of the customer's time in so doing.
